SOCIAL NOTES

Miss Frances Manufield, of Philadelphia, is visiting Mrs. Eldridge Hart, who will entertain at a series of affairs for her houseguest next week.

Mr. and Mrs. Robert H. Skillman, who have spent the winter at the Seminole, gave a farewell party to 12 of their friends on Monday, entertaining them at luncheon and bridge. Mrs. James Whalen, Mrs. Charles Hyde Fruit and Mrs. Walter Tappen were prize winners. Mr. and Mrs. Skillman plan to leave Thursday, April 6, for their summer home at Bloumwood Hills, Mich., and expect to return to Winter Park next season, as usual.

Mr. and Mrs. Frederick A. Hauck, of Cincinnati, have purchased lots No. 2 and 3 on the island of Sicily at the end of Via Lugana, and plan to build a house on the lot after the war. Mr. and Mrs. Hauck and children spent last season in the Wallick house at Via Lugana.

Mrs. Walter G. McIntosh, of Dunedin, is making a stay at the Virginia Inn while visiting her daughter, Mrs. Simon Newsom Whitney, of Dunedin, Calif., who with Mr. Whitney and their baby, are guests of his mother, Mrs. Joseph Whitney, of Henklee Circle. Mrs. McIntosh, who came to Florida also to see her son, Ensign Walter G. Jr., stationed in Hollywood, is a former winter resident of Winter Park, having occupied the residence on Palmer Avenue owned for many years by the H. W. Caldwell, now the property of Stephen Morris, of Indianapolis.

Mrs. Arthur B. Genius, widow of the late Dr. Genius, formerly of Winter Park, whose death occurred in New York on January 8, is spending several weeks in Orlando with her daughter, Mrs. Kingore, also of New York, while looking after the settlement of the estate. Mrs. Genius and Mrs. Harry Wheeler Stone spent four days last week at The Breakers in Palm Beach.

Capt. and Mrs. James A. Benzing, of the College Arms Apartments, will have the former's brother, Capt. William M. Benzing Jr., with them for the coming month while he finishes a flight surgery course at AAFITAC. Capt. William M. Benzing Jr. is accompanied by his wife and little daughter, has been overseas two years, and before the war was a physician in Asheville.

Capt. Edward Tappen was back from a ten-day vacation spent at the Fort Harrison Hotel in Clearwater.

Mr. and Mrs. James Whalen gave a luncheon and bridge last Friday at the Seminole where they have been spending the winter. Mrs. Edward Van Houten and Mrs. Arthur Lebow were prize winners. Mr. and Mrs. Whalen left yesterday for their home in St. Paul, Minn.
S O C I A L  N E W S

The Rev. W. Keith Childs, after an illness of three weeks, was welcomed back to All Saints Church last Sunday morning. During his absence the services have been ably

carried on by Bishop Paul Matthew and Dean John McGann. A week ago, Dean Henry M. Ed

munde, of the Rollins College Chapel, was the speaker at the morning service.

Mrs. Benjamin Arnold, who has been occupying a house on Knowles Avenue, has returned to the Sem

towns and Dean John McGann. A special invitation is issued to all A.A.U.W. members, their husbands and guests to attend the group meeting Thursday, April 5, in the Rollins Alumni House at 7:45 o'clock. There will be no admission charge and no collection.

Dr. Morton, prominent Winter Park lecturer and author, who is known for her interpretations of foreign problems and viewpoints to American audiences, has chosen for her subject "What We Mean to Persia—Life Itself!"

Mrs. Ray Green, who has recently returned from a trip through the Caribbean where she studied native flowers and spent much of her time painting, will speak on "Our Lady of the Caribbean" on Thursday evening, April 5, at 7:45.

Mrs. Green will augment her talk with the showing of colored slides and an exhibition of her flower paintings.

The exhibition of portraits in pastel of children whose parents were in the diplomatic service at Washington which created great interest here in Winter Park last December, has brought the artist, Zoe Shippin, high praise and honors at Palm Beach and Miami where she has been working. Following her first show at the Worth Galleries at Palm Beach, Miss Shippin was accorded the unusual honor of an exhibition at the exclusive Bath Club at Miami Beach. Her third show will open at the Washington Galleries, Miami, April 3 to 20.

A quotation from a Palm Beach paper will please her many friends here: "Of local interest are the charming studies of Lulu Vander

bilt, small daughter of Linet, and Mrs. George Vanderbilt, and Mar

lyn, daughter of Mr. and Mrs. Robert G. Oeljean, and granddaughter of Joseph E. Davis.

In a letter received by her mother, Mrs. Eugene R. Shippin, Zoe states: "Am just finishing a portrait of Gov. Cox's grandson. I work every day until a quarter to

daylight in order to finish my or

dings just before the benediction

the Orlando Woman's Club. Bishop Paul Matthews will conduct the Good Friday service at All Saints Church beginning at noon and concluding at 3. The Hungerford Chorus will sing hymns and spirituals interspersed throughout the seven short addresses made by Bishop Matthews on the seven last words of Jesus. In accordance with an ancient tradition just before the benediction the church bell will be tolled 38 times, once for each of the years of our Lord's life.

There is much in the current exhibition of the work of Frank French at the Morse Gallery to bring back to mind the fine old magazines of the 80s and 90s—"Century," "Harper's," and "Scrib

ners." Mr. French was one of the group of artists that included Tim

my Cole, Henry E. Abbey, How and Pyle—men whose work enliv

ened and beautified the literature of a less hurried and more contemplative age.

MRS. ARTHUR M. HARRIS

Mrs. Mary Alma Harris of Winter Park, widow of Mr. Arthur M. Harris, died Tuesday after a short illness. Mrs. Harris was born in Painesville, Ohio, July 6, 1865. She is a former resident of Plainfield, N. J., and spent her summers at Sunglen Lake, N. Y. She was a member of the Congregational Christian church of Winter Park, the Woman's club and Garden club and was interested in Hungford school, Hannibal square and local civic affairs.

She is survived by a son, Dwight J. Harris, Philadelphia, Pa.; two daughters, Mrs. E. H. Thirdeild and Mrs. Joseph J. Early of Schroon Lake, N. Y., and six grandchildren.

Services were conducted at her late home, 201 Seminole Drive, Winter Park, Thursday at 4:00 p.m., by Rev. E. P. Ingersoll pastor of the Baptist church. Her body will be taken north later for burial beside her husband, in Plainfield, New Jersey.

SURPRISE PARTY
FOR "PREXY" HOLT

Rollins College faculty and staff surprised Dr. Hamilton Holt with a rollicking evening at the Rollins Center on Sunday evening, marking his twentieth anniversary as president of the college. The event was arranged by the Rollins Women's Association, headed by Miss Helen Meason and Miss Laura Novelle.

The festivities included a humorous skit which featured impersonations of members of the administrative staff, original songs honoring Dr. Holt, and the reading of 20 limericks, written by members of the faculty and staff, which related to major incidents in his 20-year administration of the college. Dean Henry M. Edmonds opened the program with a talk on Dr. Holt's achievements as editor, educator and peace advocate.

As a memento of the occasion, the Women's Association presented Dr. Holt with a breakfast tray and matching set of tureen ware, Dr. Kathryn Abbey Hanna acted as mistress of ceremonies, and participants in the skit were Miss Ellen V. Apperson, Miss Winfred Gwy-Jeffries, Miss Cynthia Eastwood, Mrs. Howard Bailey, Miss Helen Moore, Miss Martha Stueve, Miss Marion Richey, Mrs. Florence Wilde and Miss Ruth Fairchild. The singing was led by Miss Mabel Ritch.

A benefit bridge and tea for the Women's Auxiliary of All Saints church will be held at the home of Mrs. Sidney W. Haley, 716 Interlachen Avenue, on April 4. The charge of $1 per person for bridge includes refreshments. All are asked to bring their own cards and make reservations for afternoon at 2 p.m. or evening at 8, by calling Mrs. Eugene Flagg, 443-W, or Mrs. Sidney W. Haley, 410-J. The tea will be held from 4 to 6 at 75c per person. In charge of the tea table will be Mrs. Paul Matthews, Mrs. Clinton Scoolland, Mrs. W. E. Coleman, Mrs. J. D. Wing, Mrs. W. A. Avant, Mrs. Percy Grellier and Mrs. Samuel Smellie.

Devastated Poland is brought vividly to mind by the rare antique icon which is an exhibition in the window of Lucy Little's Flower Shop. This icon represents the famous Black Virgin of St. Luke's Church at Czenstochowa, Kielce, Poland. In 1200 the Turks sacked the town and burned the church and only the picture of the Virgin was left but the face was blackened.

Other antique pieces on exhibition are an old Italian chasuble of 1670 made of pigeon blood red brocade trimmed with pure gold thread. Also an Anglican candle primer and an antique Spanish silver chain with crucifix and host box.

The South American republics of Chile and Venezuela will be shown on the screen at the Annie Russell Theatre at Rollins College at 5 o'clock Sunday afternoon, April 1. Guests of honor for the program will be the Hon. Julian B. Walker, superintendent of Orange County schools, and Mrs. Walker. The program is open to the public.

FRIDAYS 3 TO 6
HUNGERFORD SCHOOL BENEFITS AS RECONSTRUCTION WORK IS CARRIED ON

The building and reconstruction program for Hungerford School initiated immediately after the fire on March 9, 1944, has met with outstanding success. The fire which destroyed the library, classrooms and executive office of the school necessitated a complete reconstruction and renovation plan. As soon as the trustees decided on a de-finite program, the response of the school community and the general public was immediate and substantial—largely inspired by the indomitable faith and courage of the present faculty and student body, who really started the money-raising part of the program. Almost simultaneously the Da-vevilla Mills Foundation of Montclair, New Jersey offered a special grant of $30,000 when $50,000 had been raised by public subscription. Two local warm friends of Hung-erford each subscribed $5,000, giving the project further substantial boosts, which were followed immediately by many contributions in varying amounts, until sufficient funds were subscribed to insure the construction of a new boys' dormitory capable of housing 75 boys and with living quarters for two married teachers, recreation-room and infirmary. This building is now an accomplished fact and is in use.

The trustees are working out a definite plan for the construction of the next two units; namely, a modern classroom building containing library, assembly-room, adequate classrooms, and an executive office; also the construction of a manual arts building for the teaching of metal-work, woodworking, electricity, automobile and farm mechanics, and kindred manual training.

There have been a number of memorial gifts which will be worked into the construction and equipment as the program proceed-

Hungerford School has been brought into close focus with the community and has stood the test of minute scrutiny to a remarkable degree, and has shown itself worthy of the faith that has been demonstrated in its value and need in this epoch of inter-racial adjust-

MENTS. There will be a tertulia for the Association of students of Casa Laura Saturday, April 7, at 4 p.m., under the direction of Miss Laura Molina.

THERE was a tertulia for the Association of students of Casa Laura Saturday, April 7, at 4 p.m., under the direction of Miss Laura Molina.

THE BUILDING COMMITTEE had in mind a new clubhouse which would cost between $45,000 and $50,000, and that it was planned to raise the full amount before building so that there would be no mortgage. The upkeep of the property would be met from membership dues. The committee is making a study of the ways and means of raising funds to finance the new building.

TED SHAWN TELLS OF HIS CAREER AND PLANS

Ted Shawn, pioneer in the American modern dance field, gave a benefit lecture at the Annie Russell Theatre Sunday afternoon before an undeservedly small audience in which he described his plans for a comprehensive University of the Dance and traced the development of the art in recent years with the aid of colored slides.

Shawn held his audience in complete absorption with his theme of a great center of dance instruction, for research and practical demonstration, and gave an interesting commentary to the colored slides which told the history of his latest efforts to establish the dance school and theatre at Jacob's Pillow, a farm he purchased 10 years ago in southwestern Massachusetts, and has developed into an outstanding and significant institution for training of young dancers by a faculty of the world's masters of the art.

The lecture included an account of his own career since he first met Ruth Denis in 1910, his association with her as co-artist for 16 years and through his last seven years of touring with a male dance troupe.

DEAN NANCE HEAD OF TAMPA UNIVERSITY

Capt. Elwood C. Nance, of the U. S. Army chaplains' corps, who became well known to Winter Parkers as dean of Knowles Memorial Chapel at Rollins College in the three years of 1939-42, was elected president of the University of Tampa at a recent meeting of the board of trustees of the institution.

Dean Nance will take office at the Tampa college following his expected release from the army, in May. He has made a name for himself in recent years as an educator and author, notably since his enlistment in the army chaplains' corps in July, 1942. Prior to his coming to Rollins, he held Christian church pastorate at Tampa and in Seattle.

For two years of his service in the chaplain's corps Dean Nance was stationed as an instructor in the chaplain's school of the army at Harvard University where he had a share in the training of more than 7,500 chaplains for Uncle Sam's forces. He is now stationed at Ft. Adana, 1.1, where he is supervising chaplain for various army bases in the Narragansett Bay area. His recent book on the experiences of chaplains on various war fronts has received wide attention and critical approval.

YOUR HOME IN THE FUTURE—Now!

Planning for future building means planning NOW. Release of post-war priorities will flood an already depleted building material market with orders that can only be filled in the order of their precedence.

Should you be contemplating remodeling or building a new home, you will save time and insure better results by a leisurely study of plans and materials NOW. A 1945 home will not differ too radically in its construction, but its mechanical equipment and its outdoor atmosphere will set it apart from its predecessor. Besides, there's the fun of enjoying air-cooling and all-the-year-round refrigeration,—on paper,—without its costing a cent, NOW.

In such a program, this office offers a seasoned judgment gained in designing, supervising, and furnishing some five hundred homes. Among those in Winter Park are the residence of Col. Robert L. Scott, the "Annie Russell" house, the Bishopstead, the remodelled home of Mrs. George Bullock and Mrs. Cox, the studio residence of Mr. and Mrs. Marshall Clark, the new Minna Lee shop, the altered Jack Hays' country home in Maitland, and the five rental homes belonging to myself on Knowles Avenue, East Maitland Drive, via Lugano, and the two on Glencoe Road in Forest Hills.

Conference without obligation. Sketch plans that later could be developed into working drawings provided at nominal cost.
